

CS 377Q: Today's goals

- Discussing class feedback
- Reviewing pilot study
 - 5-min. presentation
 - 5-min critique
- Check-in time/team work

Accessibility in Industry Panel

Starting at around 5:00pm

- Mike Shebanek, Verizon Media Services
- Josh Halstead, consultant
- Carrie Farber, Walmart
- Skylar Peterson, Facebook

Guests welcome

Course feedback

- Thanks for honest feedback!
- More precise assignment statements—ask over Piazza
- Contradictory feedback—please let us know when you think that's happening!
- Acting on others' need finding data
- Dilemma: prepared resources vs. flexibility
- User study gratuities: reimburse up to \$30/team (PayPal)
- Data analysis: Adding an exercise

P4 part b update

- Make sure you have a project name
 - An identity that will be used in the Project Fair
 - Submit a name and a 1-sentence description of the project
- Summarize highlights from user study (bring to class on Post-It notes)
 - Key observations
 - Tensions or contradictions
 - Salient user quotes
 - One highlight per Post-It note

P4a: Pilot study presentations

- 5 minute presentation
- 5 minutes of feedback
 - First question from the class
